SECTION I - GENERAL PROVISIONS

These procurement rules and regulations are intended:

To simplify, clarify, and modernize purchasing activities undertaken by the Rhode Island Student Loan Authority (RISLA);

To provide for increased public confidence in the procedures followed in public procurement;

To ensure fair and equitable treatment of all vendors who deal with RISLA;

To provide increased economy by fostering effective competition;

To provide safeguards for the maintenance of a procurement system of quality, integrity and the highest ethical standards; and

To provide for clearly defined accountability and responsibility for procurement actions.

SECTION II - CHIEF PURCHASING OFFICER

RISLA's Chief Purchasing Officer shall be the Executive Director. The Chief Purchasing Officer shall have overall responsibility with respect to the procurement of all goods and services. The Chief Purchasing Officer may delegate to department heads the responsibility to carry out the agency's procurement activities and functions by issuance of a written memorandum.

SECTION III - Definitions

For purposes of these regulations, unless otherwise specified all terms shall have the meanings ascribed in the State Procurement Law, G.L.R.I. § 37-2-1, et seq.

SECTION IV - Source Selection

1. Items purchased through the state's Master Pricing Agreements as defined in section 5.3.3.1.1 of the State of Rhode Island Procurement Regulations may be purchased by RISLA if approved by the Chief Purchasing Officer or his designee.

2. All RISLA contracts shall be awarded by:

- (a) Competitive sealed bidding;
- (b) Request for proposals; or
- (c) Small purchase procedures.

3(a) Contracts exceeding \$5000 shall be awarded by competitive sealed bidding unless the Chief Purchasing Officer, or his designee, determines in writing that competitive sealed bidding is not practicable.

(b) Factors to be considered in determining whether competitive sealed bidding is practicable shall include whether:

(i) Specifications can be prepared on the basis of either the lowest bid price or the lowest evaluated bid price; and

(ii) The available sources, the time and place of performance and such other relevant circumstances as are deemed appropriate.

4. If competitive sealed bidding is utilized:

(a) The invitation for bids shall state whether the award shall be made on the basis of the lowest bid price or the lowest evaluated bid price. If the latter is used, the objective measurable criteria to be utilized shall be set forth in the invitation for bids, if available.

(b) Bid solicitations shall be made available utilizing the Rhode Island vendor information program (RIVIP), the notice of the invitation for bids may also be published in a newspaper of general circulation in the state not less than seven (7) nor more than twenty-one (21) days before the date for opening of the bids.

(c) Bids shall be opened publicly at the time and place designated in the invitation for bids and each bid, together with the name of the bidder, shall be recorded and an abstract made for public inspection.

(d) Subsequent to the awarding of the bid, all documents pertinent to awarding the bid shall be made available and open to public inspection and retained in the bid file.

(e) A bidder may make technical corrections to its bid prior to bid opening, but not thereafter.

(f) The contract shall be awarded with reasonable promptness to the responsive bidder whose bid was either the lowest bid price or the lowest evaluated bid price as specified in the bid invitation.

(g) If the Chief Purchasing Officer determines in writing that (i) all bids submitted exceed funds available for the purchase, (ii) that there are no additional funds available to permit and award to the lowest responsive and responsible bidder and (iii) the best interest of RISLA will not permit the delay attendant to a resolicitation under revised specifications, competitive negotiations may be conducted with the three (3) bidders (two (2) if there are only two (2) bidders) determined in writing to be the lowest

responsive and responsible bidder to the competitive sealed bid invitation. Revisions to the specifications shall be discussed with all potential award recipients.

5. If the Chief Purchasing Officer determines in writing that the use of competitive sealed bidding is not practicable, a contract may be awarded by requests for proposals (RFP's).

6. If RFP's are utilized:

(a) An RFP shall be issued with sufficient notice to interested parties either through the RIVIP or otherwise as determined by the Chief Purchasing Officer or his designee.

(b) The RFP shall state the relevant importance of price and other evaluation factors.

(c) An award shall be made to the responsible offeror whose proposal is determined to be the most advantageous to RISLA taking into consideration price and the evaluation factors set forth in the RFP.

(d) Discussions may be conducted with all responsible offerors who submit proposals determined in writing to be reasonably susceptible of being selected for award, provided that any such discussions shall not disclose information derived from competing offerors.

(e) If discussions pertaining to the possible revision of the specifications are held with any potential offerors, all other potential offerors whose proposals are reasonably susceptible of being selected for award shall be afforded an equal opportunity to participate in such discussions.

7. An invitation for bids or a request for proposal may be cancelled or all bids or proposals may be rejected, if it is determined, in writing, that the cancellation or rejection is taken in the best interest of RISLA and approved by the Chief Purchasing Officer.

8. A written determination of the responsibility of each bidder or offeror shall be made based on a reasonable inquiry of the financial strength and responsibility of a firm. If a bidder or offeror fails or refuses to supply information in connection with such inquiry promptly, including but not limited to financial statements and business references, such failure or refusal shall be grounds for disqualification of such bidder or offeror.

9. Sole source procurement. A contract may be awarded for supply or service without competition when the Chief Purchasing Officer or his designee determines in writing that there is only one source for the required supply or service.

10. Small purchases. Procurements not to exceed \$5000 may be made without any formal competitive process so long as the Chief Purchasing Officer is reasonably satisfied that the procurement was obtained fairly and in the best interest of RISLA.

SECTION V - Contracts

(a) Written contracts or invoices for goods and services shall be executed in all instances. The term, price, and complexity of the subject matter shall determine the extent to which contracts shall be reviewed by RISLA's legal counsel. Such determination shall be made by the Chief Purchasing Officer.

(b) Multi-year contracts for supplies or services may be entered into for periods extending beyond the fiscal year in which the contract is made if funds for the first year of the contract are available at the time of contracting and the contract states that payment and performance obligations for succeeding fiscal years shall be subject to availability of funds therefor.

(c) Notwithstanding the previous provision (Subsection (b)), contracts shall not be awarded for periods of more than two years unless the Chief Purchasing Officer determines in writing that RISLA's best interest will be served by a longer term.

SECTION VI - Consultant Services

(a) Requirements for consultant services reasonably estimated to exceed \$20,000 shall be publicly announced.

(b) The announcement shall be published utilizing the RIVIP system, the announcement may also be published in a newspaper of statewide circulation and in any other publications deemed desirable sufficient in advance of the need for such consultant services in order that interested parties have an adequate opportunity to submit proposals, although RISLA is not required to publish in a newspaper if the announcement is available on the RIVIP system.

(c) The notice shall contain a brief statement of the services required, a description of the project, and shall specify how a solicitation containing specific information may be obtained.

(d) A solicitation shall be prepared which describes RISLA's evaluation criteria and distributed to interested persons.

(e) Criteria to be used for selection shall include:

(i) Competence to perform the services as reflected by technical training and education;

- (ii) General experience;
- (iii) Experience in providing the required services;
- (iv) The qualifications and competence of the person who would be assigned to perform the services;
- (v) Ability to perform the services as reflected by workload and the availability of adequate personnel to perform the services expediently; and
- (vi) Past performance as reflected by evaluation of entities that have retained the services of the firm.

f. The Chief Purchasing Officer or his designee, or, if a selection committee has been chosen, the committee may select the top three (two if only two apply) firms evaluated as being professionally and technically qualified to make a presentation.

(g) The Board of Directors of RISLA shall be responsible for the final selection of the firm deemed highest qualified to perform the consultant services involved.

(h) For consultant services which are not reasonably expected to exceed \$20,000, the Chief Purchasing Officer shall make the final selection using the same process and criteria for selection of firms for services which are reasonably expected to exceed \$20,000.
